Chapter Membership 70

PREFACE

THE endeavor has been to bring this Supplement to the Eleventh General Catalogue through April, 1908. The names of initiates which did not appear in the Eleventh General Catalogue, published in March, 1902, are given by classes, with the reported town addresses at the time of initiation, except where changes have been indicated by the Chapters.

No reference is made to degrees received since initiation, to occupations or to deaths. Members who have affiliated with more than one Chapter are counted in the table of Chapter Membership as members of the Chapter where initiated.

Copies of the Chapter lists were sent to the respective Chapters and corrected by them before printing. In a work of this kind errors will undoubtedly be found, and it is requested that corrections be sent to the Executive Council as soon as noted, so that record may be made for use in future catalogues.

The Editor was assigned this work March 25, 1908, and was greatly aided by information received from Brother George S. Coleman, Xi 1876, by the clerical assistance of Brother Armour P. Payson, Delta 1907, and by the prompt response of the Chapters.

THE EXECUTIVE COUNCIL.
